With Bank Interest rates dropping to less than 1% there has never been a better time to invest in your own luxury lodge. With a guaranteed return of at least 7% you really will not find a better opportunity to put your savings to good use. The UK holiday market is booming and we are now experiencing unprecedented demand for Luxury holiday breaks, which is expected to continue for many years to come!

What's more, we have agreed with our agents, Hoseasons, to pass on existing bookings for this year (worth up to £4500 per lodge) and they will continue to market these homes on your behalf for as long as you wish. ..
